## Learning objectives

## Mission Statement

Your personal definition of success, what makes you stand apart from others. It describes your convictions, what you stand for, and how you plan to create a life that embodies your values.

What is the  
magic  
question?

We have five of them...

1. **What is important?** What/whom do you value? How is your life connected to those things?

2. **Where do I want to go?** You can answer this many different ways. However, for this answer focus on professionally

3. **What does “the best” look like for me?** Describe your best possible result. This isn't the time to be realistic. This is the time to dream.

4. **How do I want to act?** How do you want people to describe you? Think of a few words you would want to come to mind when people think about you.

5. **What kind of legacy do I want to leave behind?** Imagine you're 100 years in the future. What does the impact you've left look like?
