

WELLNESS WHEEL

Welcome to your wellness wheel mini-guide! This download contains a copy of the wellness wheel.

The wellness wheel is a helpful tool for understanding how to create more balance in different areas of your life.

Whenever you feel the need to hit the reset button in your life, this exercise will help you figure out how you can do that.

By going through the wellness wheel exercise on the next page, you'll be able to identify any areas of your life that need a little TLC.

The areas we'll be focusing on are physical, mental, social, financial, occupational, environmental, recreational, and spiritual wellness.

Once you've filled out your wheel, choose 1-2 areas that you would like to work on over the next 3-6 months.

If you find yourself lost or seeking more clarification on how to complete the wellness wheel, [click here](#) to go back to the original blog post.

Ready? Let's get started on the next page.

INSTRUCTIONS

The eight sections in the wheel represent your life. Rank your level of satisfaction with each area out of 10. 1 means you are struggling and feel unfulfilled in that area. 10 means you're satisfied with that area and don't think it needs much improvement. Go with your gut on this one.

Color the number of spaces on the wheel that match your ranking, starting from the inside and working out. Once you're done, you should see which areas need improvement and which ones you feel satisfied with.
